“In wine there is wisdom, in beer there is freedom, in water there is bacteria” Benjamin Franklin

Welcome to our new wine list where we aim to offer exceptional wines at affordable prices. We have tried to include a full range of grape varieties and countries so whatever your personal taste you should find a wine to enjoy here. We have divided the list into wines by the glass and wines by the bottle. We are particularly proud of our selection of 12 wines by the glass as we are lucky enough to have a verre de vin preservation system so we can reseal the bottle each time to keep it fresh, including sparkling wines. We have also included a wine expression icon for each wine (see below) which can help you to understand the style of any particular wine. The Turks have invested in WSET (wine and spirit education trust) training for the senior staff here up to level 2 so if you have any questions please feel free to test our all round product knowledge.
